

## Finding your perfect fit!

Download and print this ring sizer guide. For accuracy, please ensure that PDF is printed at 100%. We cannot guarantee that ring sizing via the following methods will be 100% precise. We highly recommend visiting one of our stores, we will be happy to assist you in finding your ring size.

### Measuring an existing ring

1. Select an existing ring that fits the intended finger.
2. Place the ring over the circle until you find a perfect match.

*Tip: You should try to match the inside edge of your ring to the closest circle, if you happen to be between two sizes, choose the larger size.*

### Measuring your finger

1. Cut a small piece of string, thread, or ribbon. Ideally one that does not stretch.
2. Wrap the string, thread, or ribbon snugly around the base of your desired finger.
3. Using a pen, mark the point where the string meets and measure the length with a ruler (mm).
